

CREDIT CARD PROCESSING

Accept credit cards payments via phone, Web, or IVR and get real-time authorization from CalliPay's Unified Payment Portal!

That's right - The Unified Payment Portal lets you process credit card payments directly over the Internet! Imagine the money we save you from having to purchase costly equipment or software required by other providers.

Merchant accounts offered via the Unified Payment Portal support major credit cards including Visa, MasterCard, Discover, and American Express.

Contact us today for more information about how to get set up for merchant account services and begin your experience in payment solutions the CalliPay way!

Features & Benefits:

- Real-time authorization and Address Verification Service (AVS)
- Fraud Protection—Negative account balance verification
- One central platform integrates all your payment acceptance and management needs, online
- Scalable - supports unlimited number of users, anywhere, all the time
- Nothing to buy, install, or maintain
- Online reporting tools to track and manage your payments
- Free product training and customer support
- Accept payments by web, IVR, phone, or fax
